

M-D Pneumatics®

Blowers | Blower Packages

M-D Pneumatics® blowers and blower packages are known for reliability and quality. Product series offer a range of models and a mix of standard and optional features to fit a variety of applications. Custom blower packages to 9,000 CFM are available.

Product Key

*Process Gas

Equalizer

Typical Applications

- Pneumatic Conveying
- Dust Collection
- Air Sparging
- Compost Aeration

PD Plus

Typical Applications

- Pneumatic Conveying
- Steam Compression
- Vapor Recovery
- Soil Vapor Extraction
- Process Gas Boosting
- Gas Applications

Qx

Typical Applications

- Pneumatic Conveying
- Bulk Unloading/Loading
- Dust Collection
- Wastewater Aeration
- Compost Aeration

CP Series

Typical Applications

- Pneumatic Conveying
- Vacuum Excavation
- Dust Collection
- Carpet Cleaning
- Air Sparging
- Dairy Milking
- Wastewater Aeration

Transport Blowers

RS Advanced Technology**

Typical Applications

- Pneumatic Conveying
- Transport and Industrial Applications

**RS Advanced Technology is an optional feature for T855 models.

Other Products

Transport TOREX

Hydraulic Oil Coolers

Typical Applications

- Crude Oil Transport
- LP Gas
- Food Transport
- Chemical Transport
- Bulk Feed
- Lube Trucks

Blower Packages

Typical Applications

- Pneumatic Conveying
- Dairy Milking
- Wastewater Aeration
- Air Sparging

Engineered Solutions

Typical Applications

- Vapor Recovery
- Process Gas Handling
- Heat Transfer Applications
- Plus Numerous Others
